SUBJECT: NAMING OF NEW UNIVERSITY ELEMENT

PROPOSED BOARD ACTION

Approve naming a proposed new complex of academic, athletics, and administration facilities the "Schmidt Family Complex for Academic and Athletic Excellence."

BACKGROUND INFORMATION

The Schmidt Family Foundation has approved a gift of \$16,000,000 to support Florida Atlantic University's academic and athletics facilities. This gift amount is the largest single gift in FAU's history.

The gift shall serve as the lead gift in a philanthropic drive to establish the Schmidt Family Complex for Academic and Athletic Excellence ("the Complex"). The Complex will be a significant component of FAU's strategy to enhance its national stature and visibility by building an athletic and academic perception of excellence that will enhance national and international recruitment of outstanding students and faculty. When fully developed, the Complex will consist of the following elements:

- An Academic Support Center
- An Athletics Strength & Conditioning and Wellness Center
- A Sports Medicine Center
- A Football Operations and Administration Center
- An Indoor Practice Facility
- An Athletics Department Administration Center
- An Athletics History and Tradition Hall

These facilities will support student-athletes in all of FAU's inter-collegiate athletics programs, providing state of the art venues to promote academic and athletic success at a level never before seen at FAU. The successes that these facilities will foster will enhance the overall experience for all FAU students.

IMPLEMENTATION PLAN/DATE

Planning for the design and site of the Complex will begin immediately. The Board will be asked to amend the University's Capital Improvement Plan to include the Complex at its December 9, 2014 meeting. Planning and design are expected to be completed in the first half of 2015, at which point proposed amendments to the Campus Master Plan will be presented to the Board for approval. During this period the administration will work with the FAU Foundation to develop a philanthropically based financing plan for the Complex that will also be submitted to this Board for approval during the first half
